

REACH COMPLIANCE

IMEON ENERGY
Your Power, Your Rules

IMEON 3.6 and IMEON 9.12 – REACH Compliance
SVHC candidate restriction

Product description:

Photovoltaic inverter connected to the public grid with battery storage

REACH compliance:

We follow-up the Candidate list and we are well aware of our obligations derived from article 33 of the Regulation (EC) N° 1907/2006, concerning the Regulation, Evaluation, Authorisation and Restriction of Chemicals (REACH), that we have to give our customers the information about substances of the Candidate list in the products we supply in accordance with applicable law. The article contains SVHC on Candidate list in concentration $< 0,1 \%$ (w/w).

We follow-up Annex XIV and Annex XVII of the Regulation (EC) N° 1907/2006 on restrictions on the manufacture, placing on the market and use of certain dangerous substances, mixtures and articles. Where required, we undertake the necessary actions to ensure compliance with the REACH regulation.

Notice:

Alterations, extensions or other changes made to the product without the explicit consent of Imeon Energy will void this declaration. This also applies for the case of incorrect installation or other improper use.
